AGRA

NEW GENERATION FAIR!

Dear Sir or Madam,

We invite you to a successful and pleasant participation in the AGRA 2020 fair, the most important international fair of agriculture and food in this part of Europe.

The International Agriculture and Food Fair AGRA, already its 58th year, will be held in Gornja Radgona from 22nd to 27th August and will mark the International Year of Plant Health through technological innovation, digitalisation and sustainable farming.

Please find the enclosure with encouraging contents, statistics and survey highlights of this year's AGRA fair. We are convinced that, in 2020, the new generation of production and processing technologies will also effectively inform new generations of food producers and consumers, who respect healthy food produced in a sustainable way.

With your great offer, convince them at your exhibition stand, with professional and business incisiveness at thematic meetings in contemporary forum halls, and with innovative presentations of your products and services in the exhibition areas.

We kindly invite you to participate in the new generation at the 58th International Food and Agriculture Fair AGRA, from 22nd to 27th August 2020!

Yours respectfully,

Pomurski sejem d.o.o.
President of the Management Board
Janez Erjavec
