About Us

We are **Organic, Natural and Sustainable Food Producer – FOKSAS**. With more than 12 years of professional expertise, we have collected a great knowledge in premium quality food producing, branding and marketing. Today we have more than 100 healthy food & beverage products launched into the different European countries as well as largest supermarket chains in Lithuania.

Every year we enter new markets. Today we are very pleased that we have strong retail partners in Lithuania, Latvia, Estonia, Norway and other Eastern European countries.

We are proud to have the highest quality, carefully selected and tested – organic and natural products, that help our clients maintain a healthy lifestyle. We are happy to be a well-trusted organic and healthy food supplier that has been recognized and awarded nationally. Our clients can always trust us with their healthy choices and we are always happy to surpass their expectations daily!
