I. GARDENIA - International Garden and Landscape Architecture Fair

International Garden and Landscape Architecture Fair GARDENIA <https://targigardenia.pl/en> belongs to the group of leading gardening events in Poland and Eastern Europe. It is also the largest indoor exhibition in our country, which enjoys a well-deserved reputation.

The Hosted Buyers Programme is intended for the representatives of abroad companies from the gardening industry holding decision-making positions in terms of purchases and concluding purchase contracts connected with the purchase of planting and gardening materials.

II. POLAGRA food•horeca•foodtech

The POLAGRA fair is an event with the longest business tradition, dedicated to the food industry and the HoReCa sector. <https://polagra.pl/en/>

The Programme is intended for the representatives of food sector entrepreneurs from abroad, interested in establishing commercial cooperation with exhibitors of the POLAGRA 2024 trade fair, representing sales chains, importers and distributors of food products, food wholesalers, and holding decision-making positions in terms of purchase of food products.

III. BUDMA International Construction and Architecture Fair

The BUDMA Fair, the International Construction and Architecture Fair 12.02-15.02 2025, <https://budma.pl/en/>, is one of the most important meeting places for producers and distributors of modern technologies and building materials with trade representatives, architects, contractors and investors in Europe. You will find here Windows, doors, gates, foundations, walls, ceilings, floors, roofs, steel in construction, finishing materials, energy-saving construction, eco-construction, machines, tools, auxiliary equipment, IT in construction.

Who are we looking for?

Representatives of international companies from the construction industry interested in establishing trade cooperation with exhibitors of the BUDMA 2023 fair, representing one of the following: retail chains, wholesalers, distributors of construction materials, developers or architects as well as persons holding decision-making positions in terms of purchases and concluding purchase contracts connected with the purchase of construction materials.
