Embassy of the Republic of Moldova to the People's Republic of China,

The China Council for the Promotion of International Trade (CCPIT) presents its compliments to the Embassy of the Republic of Moldova and has the honor to inform the latter that the Second China International Supply Chain Expo(hereafter referred as "CISCE") will be held by CCPIT in Beijing, China, from November 26 to November 30, 2024.

Themed as *Connecting the World for a Shared Future*, CISCE is the world's first national-level, comprehensive, the professional expo focusing on supply chain. It will foster a new platform for companies of all countries to intensify exchange and cooperation in the post-Covid era. The first CISCE held last year attracted 515 exhibitors from 55 countries and regions and over 150,000 Chinese and foreign visitors, receiving high international attention.

We express our gratitude for your continued attention and support to CCPIT. We deeply appreciate the positive role your Embassy plays in promoting friendly cooperation between China and Moldova.

We sincerely invite your Embassy to set up a booth in collaboration with relevant institutions, chambers of commerce, and enterprises from Moldova. This booth would demonstrate your industrial supply chain cooperation with China, introduce your investment policies and business environment, showcase representative local products, culture, and tourism, and display the products, technologies, and services of your enterprises. Utilizing this excellent platform will help enterprises expand their presence in the Chinese market and explore more opportunities for industrial supply chain cooperation. Additionally, we welcome your Embassy to organize various cultural activities during the expo.

We believe that your participation will enrich the event and contribute to the friendly cooperation between China and Moldova.

The China Council for the Promotion of International Trade avails itself of this opportunity to renew the Embassy of the Republic of Moldova the assurances of its highest consideration.
